Verification declaration **CO₂-emission inventory 2011** **UNStudio, location Amsterdam**

Introduction

Kiwa Nederland B.V. was commissioned by UNStudio, location Amsterdam verify the CO₂ emission inventory Report d.d. 2012-06-26 for the year 2011. The scope of this CO₂ emission inventory is defined as scope 1 & 2 according to the CO₂ Performance ladder 2.0. The total CO₂ emission is 459 tons.

Our review is focused on providing a limited assurance on the reported CO₂ emission of UNStudio, location Amsterdam, determined in accordance with the requirements of ISO 14064-1:2006 and CO₂ performance ladder 2.0 of 2011-06-23.

Responsibilities

UNStudio, location Amsterdam, is responsible for determining its CO₂ emission inventory and for development and maintenance of systems for data generation, data aggregation and reporting in accordance with the requirements of ISO 14064-1:2006.

Our responsibility is to formulate an independent conclusion on the CO₂ emission inventory and the CO₂ emissions data. The verification of the CO₂ emission inventory has been conducted in accordance with the requirements of ISO 14064-3:2006.

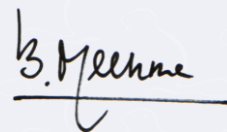

Assessment Activities:

1. Defining organizational boundary based on CO₂ Performance ladder version 2.0 of 2011-06-23 requirement 3.A.2, and ISO 14064:2006;
2. Assessing how the CO₂ emission inventory is set up and the corresponding data are collected and updated;
3. Conducting site visit(s) and interviews with the relevant employees involved in the measurement and recording of emission data and in preparing the CO₂ emission inventory;
4. Assessing the emission data for scope 1 & 2 by performing a numerical control of the reported figures and assessing the functioning of the system.

Actions for improvement: None.

Conclusion

Based on the performed verification activities nothing has come to our attention that causes us to believe that the information in the CO₂ emission inventory for the year 2011 of UNStudio, location Amsterdam, does not comply with the above-mentioned reporting criteria.
