

We foster a mentoring approach and encourage more experienced practitioners to impart their hard earned know-how to those more recent to the profession

Why work at UNStudio?

We are

UNStudio is an internationally operating architectural firm working in the forefront of the architectural field with challenging and complex projects ranging in scale from large urban projects to furniture design. Currently we run projects in Europe, Asia, USA, the Middle East and Australia. UNStudio has a total staff of 181 from 29 different countries located in our offices in Amsterdam, Shanghai and Hong Kong. We strive to make a significant contribution to the discipline of architecture, to continue to develop our qualities with respect to design, technology, knowledge and management and to be a specialist in public network projects.

What we offer

- You will be working in the city centre of some of the world's most attractive cities
- Research is an integrated and valued part of your daily work
- You will have the opportunity to initiate and develop research projects with external companies and institutions
- Your experience is highly valued, but your innovative and entrepreneurial attitude is ranked highest
- You work in a young international team, that is highly ambitious, collegial and social
- You design by discovery
- You work in a team that is made up of recently graduated architects, experienced senior architects and everything in-between
- You have the opportunity to work on high profile challenging projects worldwide
- You learn on the job
- You get as much creative freedom as you are willing to take
- You find yourself in a responsible position as soon as you are ready
- UNStudio never skips Friday Afternoon Drinks
- Our annual Summer and Winter Events have become legendary

Experienced All-Round Architect

What you offer

- 4+ years of experience as Architect within an internationally renowned office
- Experience in leading a design team and in coordinating consultants
- Excellent aesthetic sensibilities and outstanding design skills
- Fresh ideas
- Proactive attitude and high level of motivation with a continuous desire to learn
- Good technical skills and sensibilities
- Team player attitude
- Experience in 3D Modelling in Rhinoceros is a big plus
- Experience with Revit software is a big plus
- English language skills (speaking, reading, writing) are a must
- Willingness to travel abroad for business trips

Applying to UNStudio

Working conditions and salary according to the Dutch CAO (collective agreement on working conditions)

Applications consisting of C.V. and portfolio can be sent digitally (pdf, max. 10MB) to Sandra Velzeboer (HR@UNStudio.com)

UNStudio is an equal opportunity employer. We are committed to treating all employees and applicants equally, regardless of gender or marital status, race or color, nationality or ethnic origin, religion or religious belief, sexual orientation, disability or age. UNStudio will check references and social media as part of the interview procedure.

You are considered a highly valued member of the team and are encouraged to voice your ideas and suggestions throughout the project process

Legendary UNStudio events
